ADDENDUM No. 2

RE: Green Valley Road Rehabilitation Phase 2 Project
City Project No. ST.-09-03

TO ALL PLAN HOLDERS:

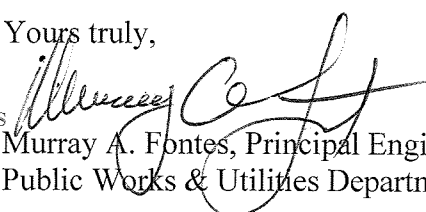

Please note the following changes to the project:

1. The number of trainees or apprentices required for the Federal training program for this project shall be three (3). Section 5-1.18, "Training" of the project Special Provisions incorrectly states that the number shall be both two and three.
2. The number of new video detection systems (bid item #52) to be installed with this project is six. They are correctly called out on the plans. The Contractor's Bid list incorrectly states that there are seven.
3. The number of replacement video detection systems (bid item #53) for this project is eight. They are not shown on the plans and shall be located at all four legs of the Green Valley Road/Pennsylvania Drive/Loma Prieta Avenue intersection and at all four legs of the Green Valley Road/Home Depot Driveway/Church Driveway intersection. The Contractor's Bid list correctly states that there are eight.

Please note that the contract documents call for all addenda to be incorporated into the proposal that is submitted with the project bid documents.

Contact me by telephone at 831-768-3117 or by email at mfontes@ci.watsonville.ca.us if you have questions.

Yours truly,

Murray A. Fontes, Principal Engineer
Public Works & Utilities Department
